Help me! I am going to die if I am not adopted asap.

My name is Morsel and as you can see from my pictures I like to smile. I am an adventurous dog that likes to travel. Please don't get me wrong I won't run off I just like to go for car rides, hiking, and I know I would love camping cause that's outdoors and I love being outdoors. I have lots of energy, love to run and play, and roll in the cool grass. I love meeting new people, my tail is always wagging and my favorite things are the doggie cookie bones. Yummy!!! I need someone to adopt me **asap** my time has ran out and I am being held just a short time longer. I came to the shelter on April 20th and with so many more dogs coming in, the shelter is filling up. Please help me, I am a good dog with lots of love to share and I am looking for a forever home I don't want to die. Please if anyone wants to share their love with me I am a sweet boy and a good traveling companion whether it's camping or just going to the store I am your guy. I am here at Hernando County Animal Services located in kennel B-04 ID#1018308.

Hurry and help me. Love, Morsel
